

## Air/Hydraulic Bottle Jack

Dual power/dual versatility, use the jack conventionally with the handle, or attach it to an air compressor when the application doesn't allow the use of the handle due to tight quarters or special applications, air power saves your back, and raises your load in a hurry.

**AIR/HYDRAULIC BOTTLE JACK**

- **PNEUMATIC MOTOR**  
Industrial pneumatic motor reduces lifting time and provides trouble free operation
- **FORGED BASE**  
Forged steel base provides strength where it is needed most
- **CARRYING HANDLE**  
Great for positioning
- **HEAVY-DUTY BLOW MOLDED CASE**  
Provides easy storage and rugged protection for severe applications
- **AIR HOSE**  
Heavy-duty industrial air hose 170 PSI burst strength
- **HIGH STRENGTH**  
Robotic welds for superior strength and leak protection

Stock Number	456612	456620
Model	AHJ-12	AHJ-20
Rated capacity (ton)	12	20
Minimum height (in.)	9-5/8	9-5/8
Maximum height (in.)	18-5/8	18-5/8
Head screw (H/in.)	3-1/8	3-1/8
Base size (L x W/in.)	8-1/4 x 6-3/8	8-1/4 x 6-7/8
Lift (in.)	5-7/8	5-7/8
Air fitting (NPT/in.)	1/4 x 18	1/4 x 18
Hose size (in.)	1/4	1/4
Working pressure (PSI/CFM)	101 – 145/7.85	101 – 145/7.85
Shipping weight (lbs.)	28	36
